

Product data sheet

Grounding Collars type **COE**

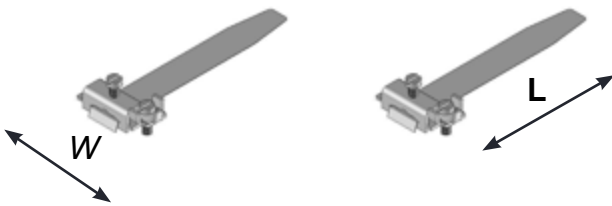

Description

Ensures a secure connection with optimal conductivity and corrosion resistance. Robust design, equipped with connection technology, facilitates installation, ensuring lasting protection between pipes and grounding conductors. The ideal choice for cable-to-pipe connections through a mechanical joint.

Specifications

Material	Body: Nickel-plated brass. Lace: Tinned bronze.
Screw thread	Electrogalvanized steel.
Dimensions*	According to the table.
Pack	10 unid
Customs Code	85 38 90 99

Wiring diagram:

Note: For other connections, please contact our sales department at comercial@klk.es.

Code	REF.	ØWire (mm)	ØTube (mm)	Calmp (Width x Length)	Weight (gr)	Packing
2900181	COE/16-25/8-100	16 a 25	8 a 100	15x310	100	10
2900182	COE/2.5-6/8-18	2.5 a 6	8 a 18	15x140	30.5	10
2900183	COE/2.5-16/18-114	2.5 a 16	18 a 114	23x410	72	10
